

CERTIFICATE OF INSTALLATION		CF2R-ENV-01-E
Fenestration		(Page 1 of 2)
Project Name:	Enforcement Agency:	Permit Number:
Dwelling Address:	City	Zip Code

If more than one person has responsibility for installation of the items on this certificate, each person shall prepare and sign a certificate applicable to the portion of construction for which they are responsible. Alternatively, the person with chief responsibility for construction shall prepare and sign this certificate for the entire construction. The signer agrees that all applicable Mandatory Measures were met. Temporary labels are not to be removed before verification by the building inspector.

A. FENESTRATION/GLAZING
Includes all Windows, Skylights, Greenhouse/Bay Windows, Glazed Doors and Skylights

1. Temporary window labels shall not be removed until the building inspector has verified the installed windows are the same or better than listed on the CF-1R. If labels were removed before verification by the inspector, the installer must use the CEC Default values from Table 110.6-A and 110.6-B. For NFRC rated products information from the permanent labels can be used to verify efficiencies.
2. List the installed U-factor, SHGC, area and orientation for each window or like windows. Note: For each window values shall be taken from: NFRC Label, or CEC Default values from Table 110.6-A and 110.6-B.
3. For each window list the source from which the actual values were obtained (NFRC, CEC Default).
4. List the number of like products (same U-factor, SHGC, Area, and Orientation) to be installed by grouping them together.
5. If exterior shading devices are installed select the type of shading device (sunscreens, louvered, vertical roller or shades or retractable awnings or roll down or slats) or if an overhang is installed.
6. This column is reserved for Comments – Locations – Special Features to provide additional information for the field inspector.

B. MANDATORY REQUIREMENTS FOR ALL FENESTRATION

1	All Fenestration Products have a temporary label that lists the U-factor and SHGC.
2	Temporary label shall list how the values were determined: NFRC, or (CEC) Default Values from Table 110.6-A and 110.6-B
3	Temporary labels that use the (CEC) Defaults shall list the U-factor and SHGC followed by the appropriate default U-factor.
4	NFRC Rated products have a permanent label on the product that can be looked up in the NFRC product directory (www.nfrc.org).
5	The fenestration installed has U-factor and SHGC values less than or equal to the values listed on the CF-1R.
6	The fenestration installed area is equal to or less than the areas listed on the CF-1R
7	The fenestration is properly installed, sealed and caulked or has low expanding foam between the fenestration and framing if allowed by manufacturer to limit infiltration.
8	All gaps between the fenestration and framing are filled with insulation to a minimum R13.

DOCUMENTATION AUTHOR'S DECLARATION STATEMENT

1. I certify that this Certificate of Installation documentation is accurate and complete.

RESPONSIBLE PERSON'S DECLARATION STATEMENT		
<p>1. I certify under penalty of perjury, under the laws of the State of California, the information provided on this form is true and correct.</p> <p>2. I am eligible under Division 3 of the Business and Professions Code to accept responsibility for construction, or an authorized representative of the person responsible for construction (responsible person).</p> <p>3. I certify that the installed features, materials, components, or manufactured devices identified on this certificate (the installation) conforms to all applicable codes and regulations, and the installation is consistent with the plans and specifications approved by the enforcement agency.</p> <p>4. I reviewed a copy of the Certificate of Compliance (CF1R) approved by the enforcement agency that identifies the specific requirements for the installation. I certify that the requirements detailed on the CF1R that apply to the installation have been met.</p> <p>5. I will ensure that a completed, signed copy of this Certificate of Installation shall be posted, or made available with the building permit(s) issued for the building, and made available to the enforcement agency for all applicable inspections. I understand that a signed copy of this Certificate of Installation is required to be included with the documentation the builder provides to the building owner at occupancy.</p>
