\$ 0.10 Each additional page

The California Public Records Act provides the exemptions for the release of records. Those eligible for the release of records include:

- ***The victim***
- ***The authorized representative of the victim***
- ***An insurance carrier against which a claim has been and/or might be made***
- ***Any person suffering bodily injury, property damage or loss.***

EXEMPTIONS:

However, this Government Code Section also precludes releasing any information or copies of reports, if:

- ***The disclosure would endanger the safety of a witness or other person involved***
- ***The disclosure would endanger the successful completion of the investigation and/or related investigation***
- ***The name and address of a victim of specified crimes defined by Penal Code Sections 261, 264, 264.1, 273a, 273.5, 286, 288, 288a, 422.6, 422.7, 422.75, shall not be disclosed.***

JUVENILE REPORTS AND CONTACTS

Juvenile information includes any document relating to juvenile contacts and arrests. Welfare and Institutions Code Section 827 provides the Juvenile Court with exclusive authority to determine whom, and the extent to which, juvenile record information may be released. Release of juvenile information requires the permission of the Presiding Judge of the Juvenile Court for each individual county.

Parents of a juvenile may receive a copy of certain types of reports. All others will need to petition Juvenile Court directly for the release of that record. The police department has the Juvenile Court petition available. It is also available on the Orange County Juvenile Court's web site: www.occourts.org

California Vehicle Code Section 20012 provides guidelines for the release of traffic collision reports. If you are requesting a copy of a traffic collision report, you must be one of the following:

- ***The involved driver(s)***
- ***The guardian or conservator of the involved driver(s)***
- ***The parent of a minor driver***
- ***The authorized representative of the driver(s) and written authorization will be required***
- ***An injured party***
- ***The owner of a vehicle or property damaged by the collision***
- ***Persons who may incur civil liability as a result of the collision***
- ***Any attorney who declares under penalty of perjury that he/she represents any of the above.***

JUVENILES INVOLVED:

Parents of a juvenile driver may receive a copy of a traffic collision report, however, any information involving other juveniles must be screened and removed prior to the release of a copy of the report. If a juvenile was involved in the collision and no criminal charges against the juvenile are pending, a copy of the report can be released. In the event that criminal charges are pending against a juvenile driver, or you need information on another juvenile involved in the collision, you will need to petition Orange County Juvenile Court directly for the release of the record. The police department has the Juvenile Court petition available. It is also available on the Orange County Juvenile Court's web site: www.occourts.org

ARREST REPORTS

Copies of arrest reports pending court action can be obtained through the District Attorney's Office. Arrest reports that have been adjudicated are eligible for release following court disposition. No arrest report will be released if:

- ***The disclosure would endanger the safety of a witness or other person involved;***
- ***The disclosure would endanger the successful completion of the investigation and/or related investigation;***
- ***The detention is for a medical or similar reason, then disclosure would constitute an invasion of privacy.***
