CLOSED SESSION

The City Attorney reported that the City Council would be meeting in Closed Session regarding Conference with Real Property Negotiators, pursuant to Government Code Section 54956.8, Real Property Identified by APN Numbers 241-091-22 through 26, Inclusive, 13.329 Acres Located at the Northwest Corner of Katella Avenue and Winners Circle, Parties Negotiating With: Shea Properties, Negotiating Party: City Manager, Under Negotiation: Price and Terms of Payment.

At 5:31 p.m., the Mayor recessed the meeting.

The meeting reconvened at 6:01 p.m.

WORKSHOP SESSION

The Chief of Police spoke regarding the Police Department Seismic Retrofit, Emergency Operations Center and Modernization project. He provided an overview of the existing conditions of the Police Department and indicated that it has not had a significant improvement in more than 20 years. He reviewed projects from 1998 through 2016 with a total cost of $521,533. He stated that the project, as approved in the Capital Improvement Project (CIP) budget process, would consist of a full modernization that would include public space improvements and a safer, more customer-oriented space with improved workflow efficiency.
The Chief of Police indicated that the existing Emergency Operations Center at the City Public Works Maintenance Yard would relocate to the Police Department to a hardened facility that would also serve as a flexible workspace.

The Chief of Police stated that work space improvements would enhance productivity and morale, improve ergonomics, respond to changes in law, and improve vital evidence handling and processing capabilities. He indicated that the property room and evidence storage would be moved downstairs.

Council Member Yarc asked if there would be a loss of space.

The Chief of Police responded that the modernization does not increase square footage and adjustments to office space would be made to in order to accommodate larger areas.

The City Manager commented on the inefficiency of the current layout of the department.

The Chief of Police stated that the upgrades would positively impact his ability to recruit quality officers.

Mayor Pro Tem Peat commented that the Police Department has received upgraded vehicles and communications, and asked if the modernization project is the final update to the department.

The Chief of Police responded in the affirmative, and commented that there would be a future heating, ventilation, and air conditioning (HVAC) project.

The City Manager stated that an upgrade to the Police Department workout facility was not feasible without a facility expansion.

The Chief of Police stated that the seismic retrofit alternative would not include aesthetic or interior upgrades. He reviewed the interior refurbishment alternative which would include flooring, paint, restrooms, as well as a refreshed lobby and locker rooms.

Council Member Yarc asked about the disruption to staff during the project.

The Chief of Police responded that consideration has been given to completely relocate or have the project done in phases.

Council Member Yarc asked about relocation areas.

The City Manager responded that trailers in the Civic Center parking lot could serve as a temporary relocation site.

The Director of Community Development spoke of the Community Center remodel and the relocation of Recreation staff to trailers in the Community Center parking lot.

Mayor Pro Tem Peat asked why some of the full modernization projects are not fully achievable.

The City Manager responded that the building is not large enough, and spoke regarding possible expansion options that were determined to not be feasible.

The Chief of Police reviewed the project outcomes.

Mayor Pro Tem Peat asked about the approved CIP amount.

The City Manager commented that the modernization project would allow the Police Department to not require a major investment for at least 20 years.

The Chief of Police indicated that 60 percent of the $2,650,000 budgeted amount comes from asset forfeiture monies.

Council Member Yarc asked if the asset forfeiture monies were reflected in the budget.
The City Manager responded in the affirmative, and stated that the monies would not be appropriated until the next fiscal year.

Mayor Morales asked if the entire asset forfeiture monies would be used.

The Director of Finance and Administrative Services responded in the affirmative.

The Chief of Police commented that there would be additional asset forfeiture monies.

Mayor Pro Tem Peat asked about the project timeframe and if future asset forfeiture monies could be used later in the project.

The City Manager responded in the affirmative, and indicated that any restricted monies would be used instead of City General Fund monies.

Council Member Johnson asked how long it took to accumulate $2.6 million in asset forfeiture monies.

The Director of Finance and Administrative Services responded that the fund accumulation has taken approximately six to eight years, however it is being spent on a regular basis.

The City Manager stated that asset forfeiture monies were used for various Police Department vehicle, equipment, and training expenses. He stated that the monies are being earned more quickly than they can be spent due to the spending restrictions.

The Chief of Police reviewed the timeline for the modernization project which would include finalizing the Request for Proposals (RFP) process, architect selection, and award of contract by the City Council by the winter of 2017.

Mayor Pro Tem Peat asked about the lengthiness of the process.

The Director of Community Development indicated that the timeline is a conservative estimate and that the architect selection process would take approximately six to nine months.

The City Manager stated that the City Council would appropriate the construction budget as part of the Fiscal Year 2018-19 CIP, and asked about the construction timeline.

The Director of Community Development responded that the construction process will take approximately nine to 12 months based upon the project design.

Mayor Morales asked if the cost for trailers in the Civic Center parking lot as a temporary relocation site is in addition to the project cost.

The City Manager stated that trailer costs are included in the project cost.

Council Member Yarc asked if the $725,000 project cost is included in this year’s budget.

The City Manager responded in the affirmative, and indicated that the second year of the seven-year CIP reflects the $4.7 million.

Council Member Yarc asked if alterations could be made should the structure of the City Council change next year.

The City Manager responded in the affirmative, and clarified that City Council could decide to delay and/or alter the project.

Mayor Morales asked about the layout of the clerical staff furniture.

The Chief of Police indicated that furniture could be reconfigured.
The City Manager stated that modular walls and ergonomic equipment would be part of the project.

Council Member Johnson spoke regarding security concerns with the current structure.

At 6:36 p.m., the Mayor recessed the meeting.

Council Member Berry asked about modifications to the dwellings.

The Assistant Planner indicated that this item would be for the approval of the condominium plan and that the applicant indicated that there would be minor improvements to the buildings.

Council Member Berry asked if the layout and exterior of the units would remain the same.

The Assistant Planner responded in the affirmative.

Council Member Johnson asked about parking near the location.

The Assistant Planner stated no parking complaints were received from adjacent properties.

Council Member Johnson asked about the placement of trash bins.

The Assistant Planner responded that trash bins would be placed on the curb.

Council Member Johnson asked if public parking would impact the placement of trash bins.
The Assistant Planner responded no.

Council Member Johnson asked about emergency vehicle access.

The Assistant Planner stated that the driveway would likely provide sufficient emergency vehicle access.

The Director of Community Services stated that the Tract Map standards meet emergency vehicle access.

Council Member Yarc asked about conversion from an apartment to a condominium.

The Director of Community Development stated that the development was originally built as a condominium and conversions would not be necessary.

Council Member Yarc asked if egress and ingress access would remain.

The Director of Community Development responded in the affirmative.

Council Member Yarc asked about mechanical concerns expressed by a tenant and if there would be a City inspection.

The Director of Community Development responded that interior concerns would be addressed between the tenant and landlord unless they are a public safety issue. He stated that this project does not require new building permits.

Mayor Pro Tem Peat asked if there would be a homeowners' association.

The Assistant Planner responded in the affirmative, and clarified that a homeowners' association is a requirement of the Conditions, Covenants, and Restrictions (CC&R's).

Mayor Morales clarified that this action is an administrative process to reclassify the apartments back to their original condominium classification.

The Director of Community Development responded in the affirmative, and indicated that the condominiums would be available for sale.

The applicant, Tom Gausepohl, stated that he agrees with the conditions of approval.

Council Member Yarc asked about the letter received and asked if improvements would be made prior to selling.
