It's important to have disaster supply kits at your work, in your car, and in your home. Ready made kits are available for purchase or you can choose to build your own.

Orange County Fire Authority

(714) 573-6200
ocfa.org

A disaster supply kit should include enough food, water, and other important items to last everyone in your household at least three days. It should also be portable in case you need to evacuate. Be sure to consider individual and family needs, including pets, when building your disaster supply kit.

Home Disaster Supply Kit
